The conference call that I had planned for today was cancelled as I couldn't get the call in number to work. However, I did speak with Mike P, Dave F. and Eric B on the phone. Attached is the latest version of the comments after speaking with Mike. I made the changes to the 12/21 CHANGES NOT SHOWN file so you can see what changes Mike and I agreed to. Eric is going to incorporate this latest version of the comments into his table of all of the comments. I am hoping that you all review that part of the table to make sure it looks OK to you. We are also going to change all of the "COIs" in the TZW and SW flow diagrams to "COPCs" to be consistent with what is now in the comments.

David, I told Eric you would get back to him after hearing from Matt Hunter from ODFW.

HAPPY NEW YEAR!!! Talk to you in late January.
